

Emergency Contacts — Hospital, Ambulance and Police

Umuahia · Thursday 29 October – Sunday 1 November 2026

Keep this sheet in every family vehicle, at the school wake, at the Cathedral ushers' table, at the compound and at the reception. Dial the local command numbers first. The national short codes still work.

Call first — national short codes

Service	Number	Use
National emergency	112	Toll-free. Police, ambulance or fire through the national centre.
Nigeria Police (legacy short code)	199	Police. Prefer the Abia command mobiles below if 199 is slow.
Federal Road Safety Corps	122	Road crash on the Cathedral–Isieke or Aba Road corridor.

Federal Medical Centre, Umuahia

This is the tertiary hospital for the funeral circuit. It sits on Aba Road, opposite Guaranty Trust Bank, Umu Obasi — on the same axis as several guest hotels.

Fire

Service	Number	Note
Abia State Fire Service (state website)	0809 600 1819	Canopies, generators and kitchen lines at the reception.

On the funeral days

Thursday wake: one marshal holds this sheet and knows the school gate access for an ambulance.

Friday church: first-aid post inside the Cathedral precinct; ambulance parked where it can leave toward Aba Road / FMC without crossing the cortege.

Friday interment and reception: second first-aid point at the compound. Heat, crowding and older guests are the main risks, not traffic alone.

If a guest is taken to FMC, one family member rides with them and another stays on info@ubanistarz.ngo so the protocol desk is not guessing.

Reception ambulance pin

If a guest falls at the reception, send the ambulance to the International Conference Centre, Government Station Layout, Umuahia — not to 248 Bende Road.
